

*May the Greeting of the Risen Christ - -  
the simple greeting of Shalom, of Peace - -  
bring all of us and our beloved families a bountiful share of the Lord's grace.  
May the peace of the Good Shepherd envelop and protect us all.*

*Dear Parishioners,*

*In the midst of this pandemic, our Easter Alleluias have been quieted but not silenced. More than ever, we must proclaim the main tenet of our faith – that Christ is risen; that Christ dwells in us! Although we are apart, and some of us are alone, I pray that our common faith will give us all hope at this time. Our church building, normally so festively decorated for Easter, is darkened and closed. But in this Easter season we, the people of the Church, should strive to be bright and strong. A blessed Easter to all and a special remembrance in our Mass this Easter Sunday.*

*May God bless you and keep you healthy.*

*Monsignor Keane*
